

# Year 7 order of teaching

In year 7 students have one lesson per week.

Units to be studied cover a range of Biology, Chemistry and Physics and all units incorporate “How science works” and “Science skills”

Both Level assessed tasks (Badger) and End of Unit tests will be used to assess student’s knowledge and progress across a topic of work.

Autumn term		
Assessment Point (SIMS)	Topic	Assessment Type
-	Introduction to Science: Safety, Skills and Experimental Design	Baseline
1		LAT/EUT
HALF TERM		
2	Cells	LAT/EUT
CHRISTMAS BREAK		

Spring term		
	Topic	Assessment
3	Forces	LAT/EUT
HALF TERM		
4	(Chemical and) Acid Reactions	LAT/EUT
SPRING BREAK		

Summer term		
	Topic	Assessment
5	Electricity and Magnetism	LAT/EUT
HALF TERM		
6	Classification/ Habitats (Forest School)	LAT/EUT
TERM END		

Units are movable within the SOW to enable appropriate units to be linked to Forest School.
